

Raja Rogers Meeting Notes
April 3, 2007

Raja Rogers	Jai Guru Dev. How is the vaidya tour going?
Alcine	3 today, 8 tomorrow, 1 on Thurs morning. Ray drove the vaidya from Sarasota to Gainesville.
Raja Rogers	Ray is such a gentleman.
Alcine	Yes. Jim will drive vaidya to Orlando on Thurs. On Wed night, he will give a prep.
Vaidya Mohandas	I've had a wonderful tour in your domain. Thank you!
Raja Rogers	I'm in NYC with Dr. Morris, Raja Bob, Raja Konhaus, Raja Paul, Raja Kingsley. John Hagelin comes tomorrow. Working on the Global Financial Capital of NY which is at 70 Broad St. Today, we bought some elegant furniture. Had several broadcasts from here. Will be inviting people from the UN to come here when Dr. Hagelin is there. Very impressed by the nice tour you are having in our area.
Joan	Stuart is checking someone while join later. We are looking forward to a tour by Mohandas
Raja Rogers	Really good because knowledge enlivens our area so much. Education tour info?
Regine	We submitted all materials to David Lynch foundation.
Carol	12 appts/ 6 in Sarasota and 6 in St. Petersburg. Extreme success. Everyone was very blissful. It enlivened the whole area.
Raja Rogers	We have the celebration for the Brahmastan of FL coming up very soon. I may not make it because I am running between Lancaster and NYC and running the Raj from a distance. The Financial Capitol in NY is an amazing building and it has a proper vastu which is very rare in Manhattan. When we arrive, we stop traffic because we arrive in white cars and the bagpipes are playing. We want this publicity to bring Maharishi's knowledge to the public in NYC.
Steve	Jai Guru Dev
Raja Rogers	Maharishi is so focused on the NYC project that no one is asking individual questions. Let me call Bennie tomorrow to see what he thinks. I think he saw the emails you sent and if he did, we can move forward.
Steve	I didn't receive an email about the Brahmastan of FL.
Raja Rogers	Charlie, pls send the email to everyone. It is the 10 yr anniversary of the Brahmastan in FL. Anyone in the domain is welcome.
Steve	Pls convey my best wishes to Mohandas. I spent a lot of time with him and Stuart and Joan a few years ago.
Raja Rogers	Sam Katz's father went into the hospital so he just left NY today. We have to honor our parents. Interesting that this is happening. The celebrations here are really great. Vaidya Ramakrishna has been in NY for 10 days and he came to Lancaster so they could have a full-time person there. Vaidya Vaidya was there before. Ramakrishna was the

professor of Dr. Manohar. He's on the broadcast. When we started our celebrations, he came from Lancaster. Bevan said this is the largest gathering of the Rajas in the last year. We are connecting with Maharishi on a regular basis. The goal is to present our programs for peace, health, agriculture, education to dignitaries at the United Nations. Now we have a wonderful venue to do that. David Lynch gave a tour in NY and met with dignitaries a few months back and that has given us entrée to many dignitaries. Raja Wynne was in NY, but had to rush back to MVC for the arrival of the next group of pundits – April 6. They have their new houses in MVC. Will be a group of about 100. I will be available for another hour or so here if someone needs to connect. My email here is a little spotty. So if I don't answer an email, resend it. I know of a minimum of 2 emails that didn't arrive.
